Career Objective

MCA student specializing in Artificial Intelligence & Machine Learning with practical exposure to Python programming, Android app development, and data analysis. Seeking internship and entry-level opportunities in AI/ML, software development, and data science to apply skills and grow in a professional environment.

Education

Master of Computer Applications (MCA) | SGT University, Gurgaon, Haryana Specialization: Artificial Intelligence & Machine Learning | 2025 – 2027 (Pursuing)
Bachelor of Computer Applications (BCA) | Chandigarh University 2022 – 2025

Technical Skills

- Programming Languages: Python, Java, C, C++, SQL
- AI & ML: Machine Learning Algorithms, Data Analysis, Data Visualization
- Web Development: HTML, CSS, JavaScript, Backend Development
- Tools & Platforms: Android Studio, Eclipse, Git/GitHub, VS Code
- Core Computer Science: Data Structures, OOP, DBMS, Operating Systems

Internship Experience

Artificial Intelligence Intern | Codec Technologies (National Internship Portal) Jun 2026 – Present

- Engineered an NLP-based Customer Service Chatbot using Python, NLTK, and Machine Learning algorithms to automate customer support interactions.
- Designed and implemented text preprocessing pipelines including tokenization, stemming, and feature extraction for intent classification.
- Developed a Content-Based Movie Recommendation System using Python, Scikit-Learn, TF-IDF Vectorization, and Cosine Similarity.
- Generated personalized movie recommendations by analyzing content features and calculating similarity scores across datasets.
- Applied Machine Learning, Natural Language Processing (NLP), and recommendation system concepts to solve real-world business problems.

Android Developer Trainee | Chandigarh University May 2024 – Jun 2024

- Developed and tested Android applications using Java and Android Studio during industrial training.
- Designed mobile interfaces and applied UI/UX principles to improve user experience.

- Built a mini-project while strengthening debugging, testing, and deployment skills.

Certifications

Introduction to Machine Learning (Elite) – NPTEL, IIT Madras Jan 2026 – Apr 2026

- Achieved Elite Certification with a consolidated score of 63% in a 12-week Machine Learning course.
- Developed a strong foundation in supervised learning, regression, classification, model evaluation, and predictive analytics.
- Applied machine learning concepts to data-driven problem solving and predictive modeling.

Privacy and Security in Online Social Media (Elite) – NPTEL Jul 2023 – Oct 2023

- Achieved Elite Certification with a consolidated score of 61% in a proctored examination.
- Studied cybersecurity fundamentals, privacy preservation techniques, and online social media security mechanisms.
- Analyzed digital privacy risks, online identity protection, secure communication practices, and social network vulnerabilities.
- Developed an understanding of data privacy, cyber threats, and security challenges in modern online platforms.
